Thank you for purchasing the Roller Derby Gear Rack. We hope you enjoy this rack for years to come.

Bill of Materials

Your package contains the following items:

- 1 back board
 - 2 side arms
 - 1 top piece
 - 1 bottom piece
 - 2 skate bars
 - 3 screws
 - 20 nails
 - This fact sheet
- If you are missing any of these parts, please let us know.

Finishing

You have choices for how you finish your derby rack including:

- Leave the wood bare as we ship it
- Stain the wood
- Paint the wood

You can see what other skaters have done with their derby racks at <http://obrary.com/products/derby-gear-rack>. If you are going to paint or stain your derby rack, we recommend that you do it before you assemble the rack.

Assembly

We've created a video that walks you through assembly of the derby rack. It is at https://www.youtube.com/watch?v=0CMEkOY5-_I.

Use

The photo to the right shows how to load your derby gear onto your derby rack. It will hold two pairs of skates. The six arms will hold all of your pads and there are two hooks at the bottom for helmets. There are four holes in the top of the rack for extra toe stops.
